

LIBRAOPEN

UNIVERSITY OF VIRGINIA LIBRARY

**A robust scholarly repository that
puts *your UVA research* center stage**

libra.virginia.edu

Why Open?

Timely and transparent:

[A Psychological Profile of the Alt-Right](#), Forscher (Arkansas) & Kteily (Northwestern) with [open data](#)

Funder compliance:

[Perspectives on...Climate Change and Sea Level Rise](#), Haimes (UVA) & Stakhiv (USACE) for [NSF](#)

Affordable re-use:

[Introduction to Mindfulness Practice for College and University Students](#), Green (UVA)

Reclaiming copyright:

[Democratizing Innovation](#), von Hippel ([MIT](#))

Why LibraOpen?

Current scholarship comes in many forms

LibraOpen accepts a broad range of deposit types:

- Conference papers, posters, and presentations
- Published and pre-print articles
- Books, chapters
- Video, audio
- New scholarly forms

Why LibraOpen?

Current scholarship is available many ways

LibraOpen facilitates persistence and discovery

- “DOI” (persistent link) for every LibraOpen work
- Automatic Library catalog (Virgo) entry and access
- Automatic search engine population (Google and Google Scholar)
- Replicate or link to versions of your work in other repositories (arXiv, MLA Commons), publications, and new online venues

What's new?

- Easily and definitively claim and connect your scholarship using an [ORCID iD](#).
- Create works that link to content stored in other repositories
- Quickly and clearly designate rights for re-use
- Search for open scholarship in context at UVA and Worldwide ([Virgo](#) & Google)
- Modern interface, flexible file types

What's not?

- Choose a UVA or Worldwide audience for your work
- Got data? Use LibraData/UVA Dataverse to share, publish, and archive your data
- Student scholarship? LibraETD provides safe and secure storage for theses and dissertations
- Older URLs remain functional, and we've migrated your work to our newest platform
- Same deposit location: libra.virginia.edu
