Sherry Lake, Scholarly Repository Librarian, University of Virginia Library

Contact: libra@virginia.edu

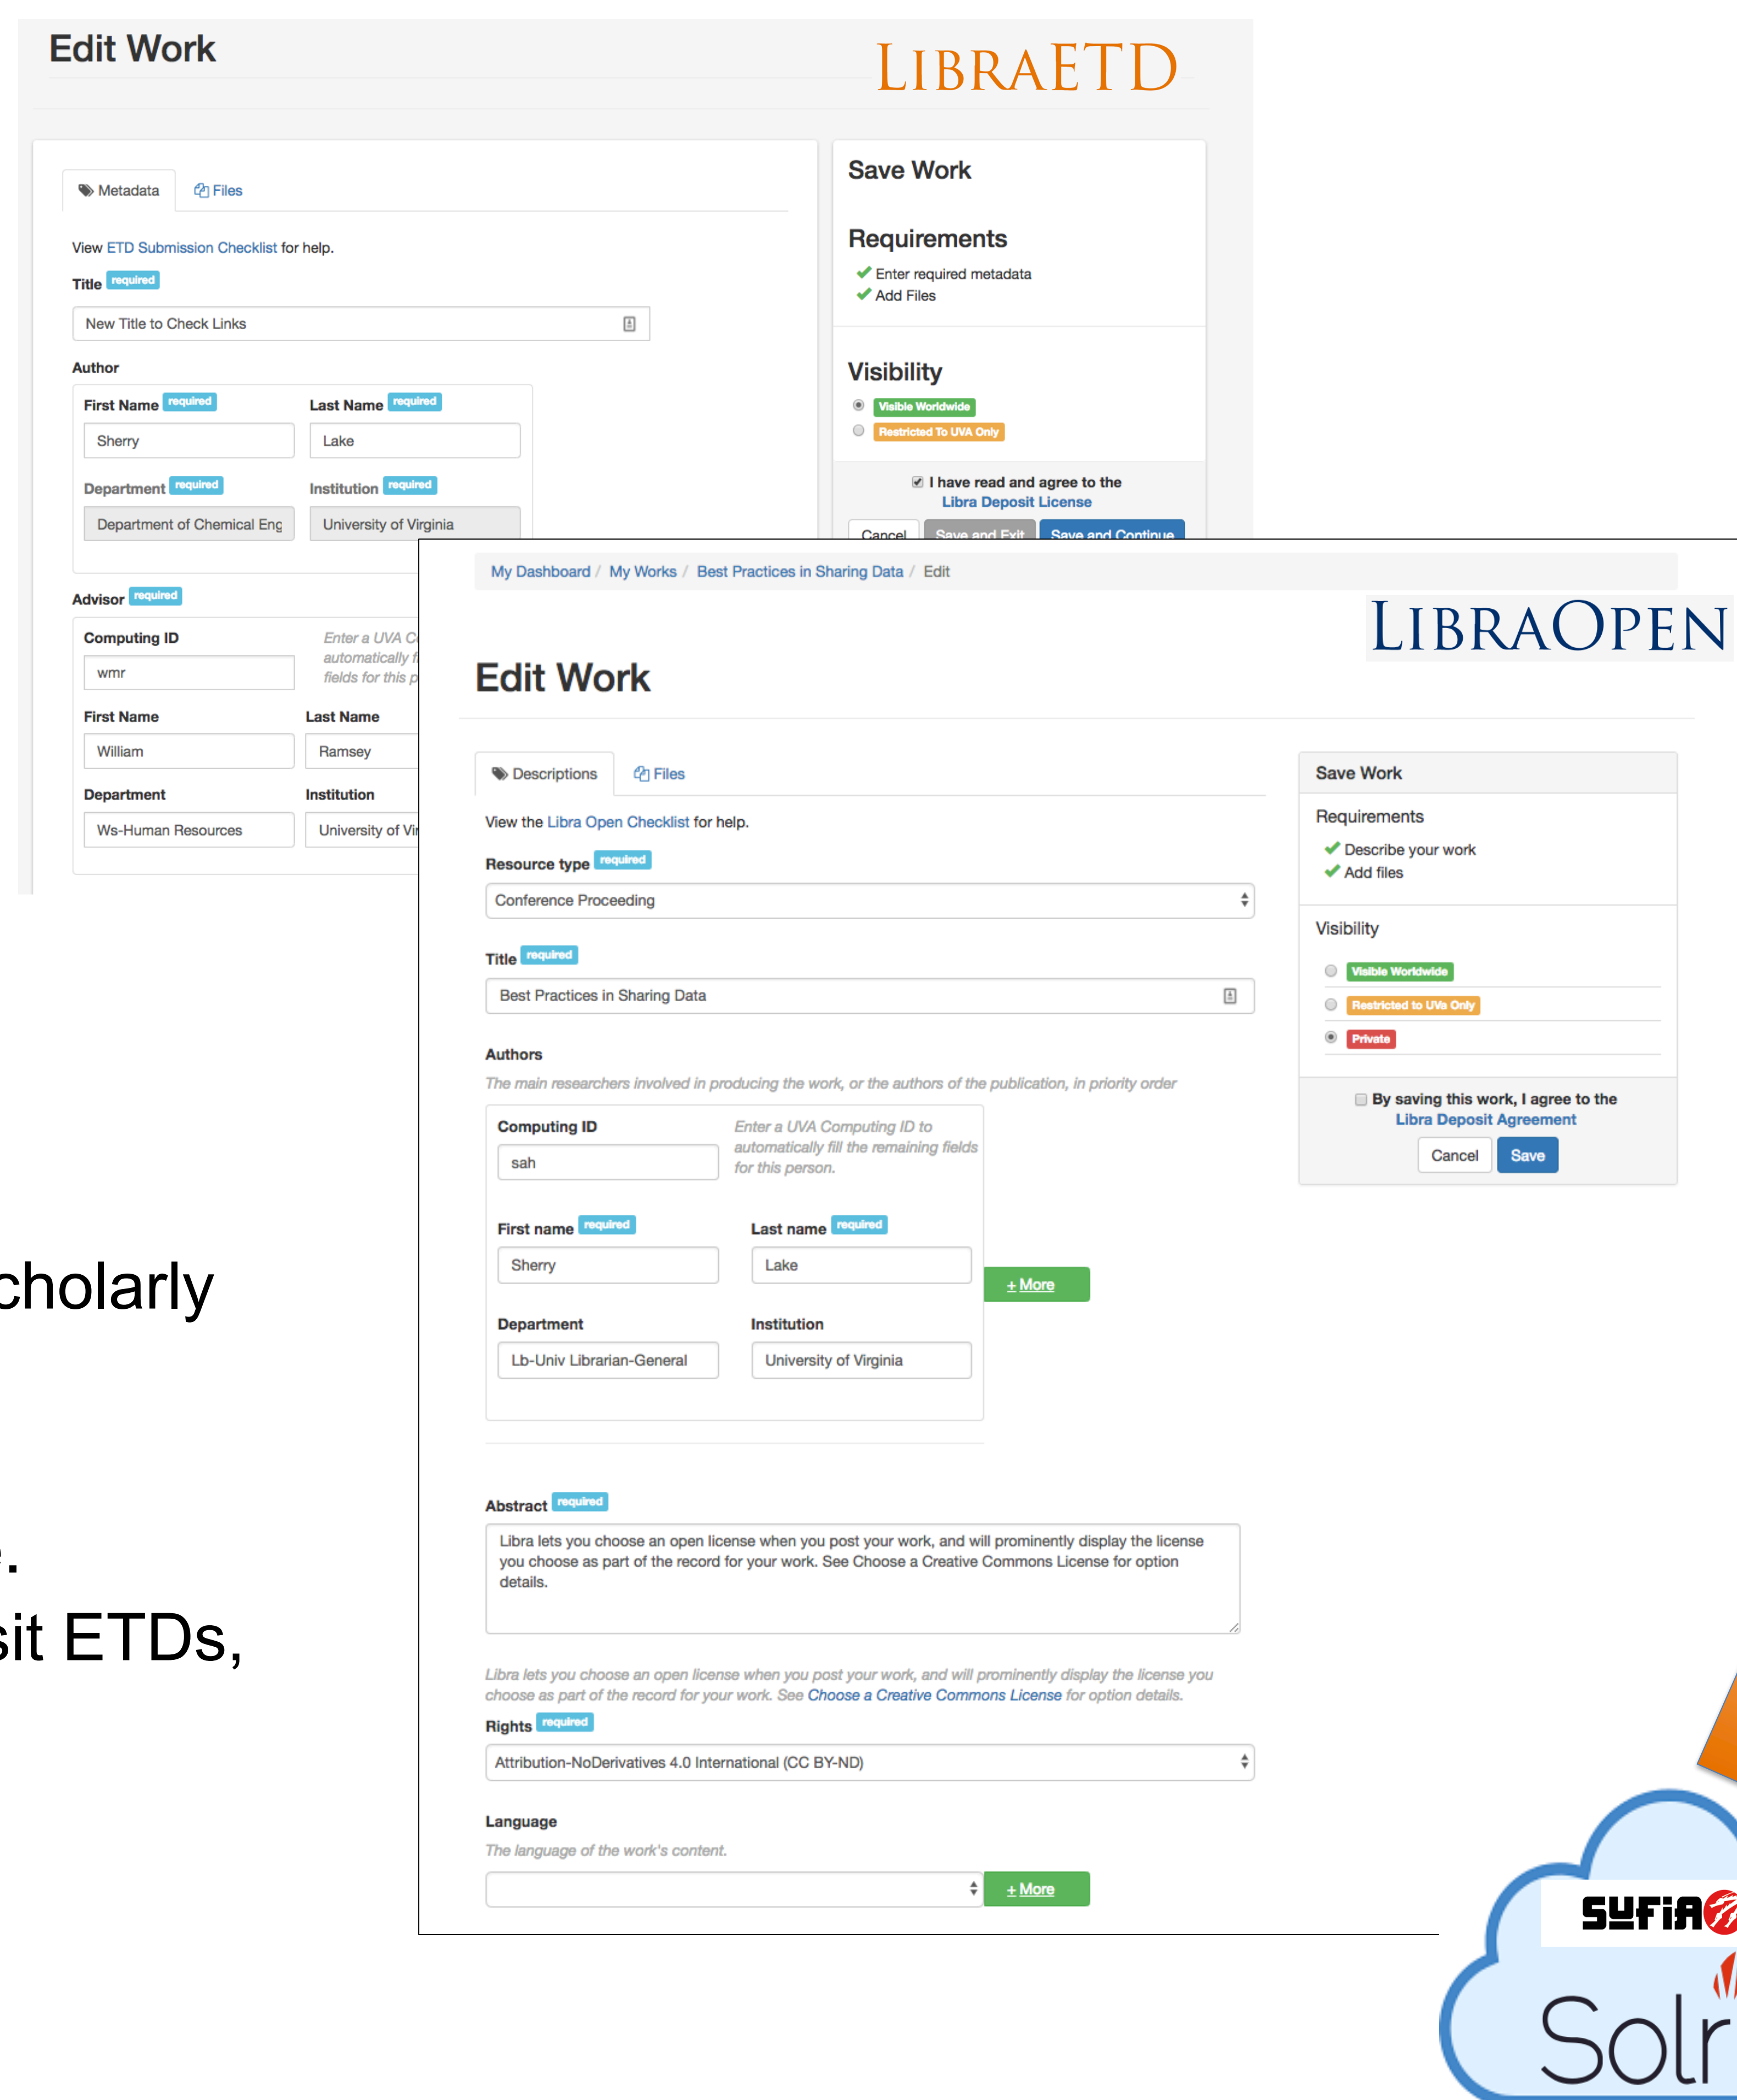

libra.virginia.edu

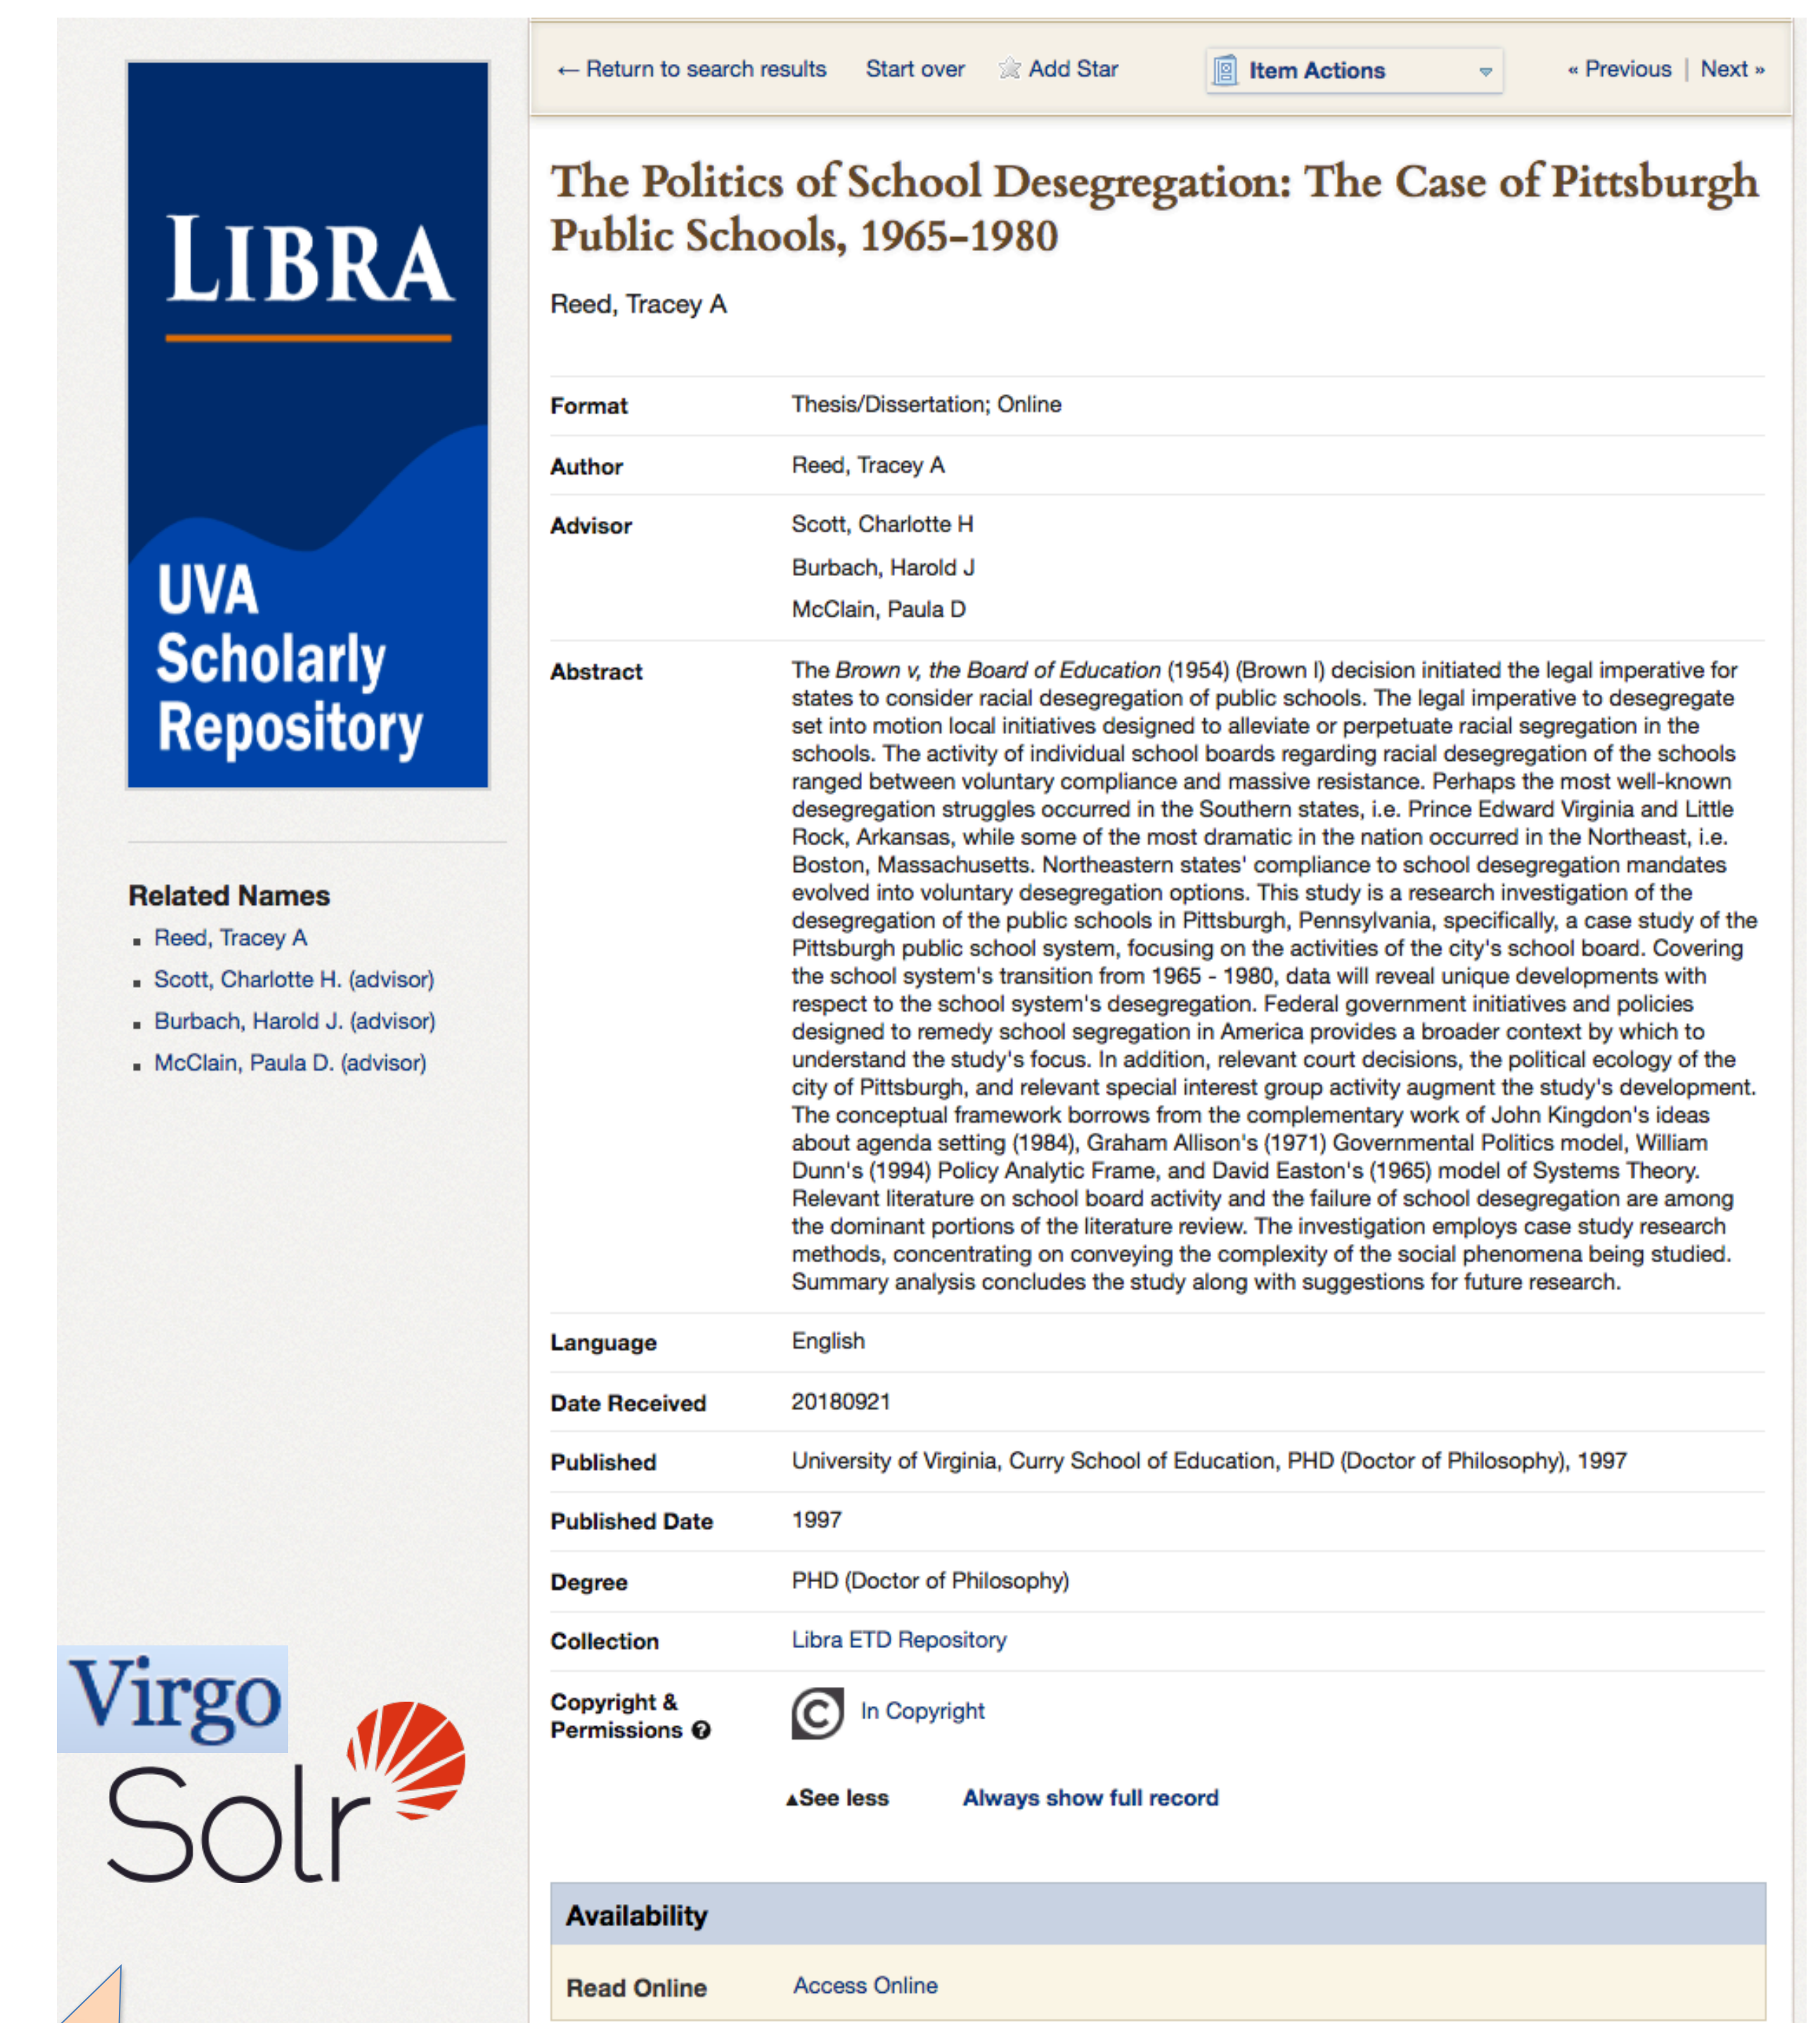

- The University of Virginia has three separate scholarly repositories (research repositories/non-Library collection).
- To help depositors, we created a **landing** page.
- <http://libra.virginia.edu> is one-stop link to deposit ETDs, Open Works and Datasets.
- The deposit button goes directly to the specific repository.

Samvera – Publishing

- UVA has two separate instances of samvera (**Sufia 7.3.1**) repositories: one for ETDs (LibraETD) and one for Open Works (LibraOpen).
- The repositories are “deposit only”.

Library Catalog (Blacklight) – Discovery

- For ease of discovery, all content from **LibraETD** and **LibraOpen** is discoverable in our Library catalog (Blacklight).
- Each night the content from Sufia-Solr is sent to Virgo-Solr and re-indexed with all other Virgo-Solr content.
- “Access Online” links directly to the DOI and UVA’s customized Samvera Public View page.
