Final Report of The National Academies' Human Embryonic Stem Cell Research Advisory Committee

Description

Link to the National Academies Report, *Final Report of The National Academies' Human Embryonic Stem Cell Research Advisory Committee*

Body

This book provides the [National Institutes of Health Guidelines for Research Using Human Stem Cells](#) and an [updated version of the National Academies' Guidelines and the common set of ethical standards for this field](#), one that takes into account the new, expanded role of the NIH in overseeing hES cell research. It also identifies those avenues of continuing National Academies' involvement deemed most valuable by the research community and other significant stakeholders.
