# Nanotechnology in Food Products: Workshop Summary

## Description

Link to the National Academies Report, *Nanotechnology in Food Products: Workshop Summary*

## Body

The Institute of Medicine held a one-day workshop, summarized in this volume, to further explore the use of nanotechnology in food. Specifically, the workshop was organized around three primary topic areas: (1) the application of nanotechnology to food products; (2) [the safety and efficacy of nanomaterials in food products](#); and (3) [educating and informing consumers about the applications of nanotechnology to food products](#).
